# DEKORTE ELECTRIC

**D**EKORTE ELECTRIC provides quality residential and commercial electrical services for the greater Portland metropolitan area. Since 2000, the highly trained and certified service professionals have impressed home and business owners with their integrity, expertise, and professionalism.

Services span from simple to complex, using the latest Oregon electrical code standards to ensure optimal safety and precision for clients ranging from homeowners to large property management companies and from contractors to local business owners. Whether the project involves renovating an entire apartment complex or simply fixing a switch for a condominium dweller, DeKorte Electric's first priority is to build lasting professional relationships. DeKorte Electric is a proud member of the Architectural Heritage Center, Multifamily NW, and Rental Housing Association. Recently, DeKorte Electric partnered with HouseHappy.

DeKorte Electric gives back to the local community through expertise and service. Owner Ken DeKorte has taught Knob & Tube Wiring and Decommissioning classes for both the Energy Trust of Oregon and the Architectural Heritage Center. He has been a featured guest on FM News 101 KXL's "Around the House with Handyman Bob and Eric G." Also, DeKorte Electric has volunteered with Habitat for Humanity.

## TESTIMONIALS

"I've been working with DeKorte Electric for almost 5 years and we've had exceptional service and outstanding quality of work. It's been a pleasure working with the office, electricians, and Ken the owner. As a property manager, owners trust me with one of their most important investments and I have to trust the vendors I send to handle problems. I know when I send DeKorte out, that the home and tenants are handled with the utmost respect and professional manner. I'd highly recommend DeKorte to anyone needing any kind of electrical work done."

—Jason Jamieson, Property Manager  
V2 Properties.

"Always a sure bet for quality work, DeKorte Electric has been our go-to licensed professional electrical vendor for several years. The prices are competitive, and their dedication to quality sets them ahead. We hired DeKorte to rewire our low voltage system in our corporate office, and a problem we believed to be small was much larger and more involved. In true DeKorte style, they rose to the challenge, solving our connectivity issues, and the look of the wiring structure is outstanding. I recommend DeKorte and continue to trust them with our business."

—Bob Johnson, President  
InterWest Properties, Inc.

"DeKorte Electric has been one of my most trusted and long term partners throughout my years in the multifamily industry. There isn't anything they can't handle from 100 year old knob and tube to simply upgrading outlets to GFCI's. They are always quick to respond, follow through, and finish jobs completely within budget. What more can you ask for?"

—Zach Howell, Maintenance Operations Manager  
Cascade Management

"During the past 15 years, I've been able to call on Ken for everything from simple telephone guidance to the complete replacement of the electrical service in my own home. I've used him as a subcontractor when doing larger jobs and simply referred him to my customers when they only needed electrical work. He has never let me down! So long as I have my license, DeKorte Electric will be my go-to electrical contractor."

—Bob Strong, Owner  
Oregon's Home Handyman, LLC  
Radio Host of "Around the House with Handyman Bob"

"I have worked with DeKorte Electric for over 10 years as a property manager. They continue to be my primary go-to electrician. I am as picky as they come when it involves services to our tenants. Without fail, DeKorte has proven time and again to be over the top in timely response, using skilled electricians, with fair and transparent billing. Their business integrity is all I could hope for."

—Noah Schaeffer, Property Manager  
Rental Management Services
